

AFSS workshops

Our workshops provide a better understanding of gambling related issues:

- *Problem Gambling* – provides an overview to help understand the types of gambling, its impacts and what we can do.
- *Stop the chase* - dispels the common beliefs and develops a realistic understanding.
- *Deadly choices* – identifies warning signs and looks at ways the gambler can take positive steps to overcome the urge or need to gamble.
- *What am I really gambling with?* – explores gambling effects on self and others. Looks at supports and strategies.
- *Gambling and the workplace* – raises awareness of the issues with employers and employees and explores helpful strategies.
- *Problem gambling for Aboriginal people* – helps hotels and clubs understand the gambling issues facing Aboriginal people.
